LIVE EVENTS

OUTDOOR ARTS

ARE YOU AGED 18-25YRS

And not in employment, education or training?
Want to gain experience in Live Events and Outdoor Arts?

TRANSFORMATIONS 9 – ACTIVATE

FREE training programme running from December 21 – May 22

We are looking for young people who are interested in the creative or technical side of live events and outdoor arts to join us on our next training programme.

Are you interested in sound design and engineering, art and design or want to know how to put on an event? Then this is the ideal practical training course for you, where we will support your progression and offer one to one guidance on your pathway into the creative industries.

No formal qualifications required.

Training takes place at the Daimler Powerhouse Creation Centre, 10 mins from Coventry City Centre.

You will be working with industry professionals using high quality equipment and facilities – including a state-of-the-art recording studio – on FLOW, a large-scale outdoor event as part of Coventry's City of Culture Year.
